

#### **Processing Draft Events**

### **Processing Events**

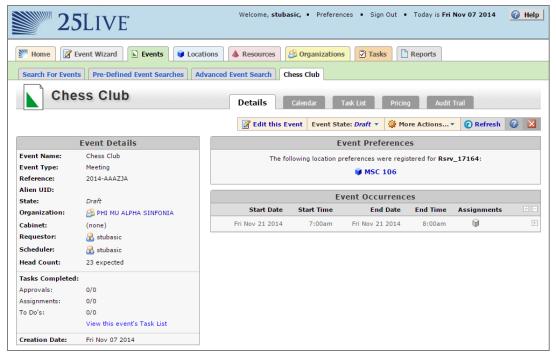

- Depending on institution's business process depends on how one completes and edits events
- This presentation assumes that one's business process continues with receiving Draft requests from requestors
- There are three different ways Drafts can be routed which will be described in more detail in this PowerPoint
  - Gate keeper approach all Drafts must be touched by a single office
  - Default Scheduler this is based off the user's security group when they submitted said request
  - Location Scheduler each location is listed with a scheduler's name whom will be attached to said events

# Gate Keeper Approach

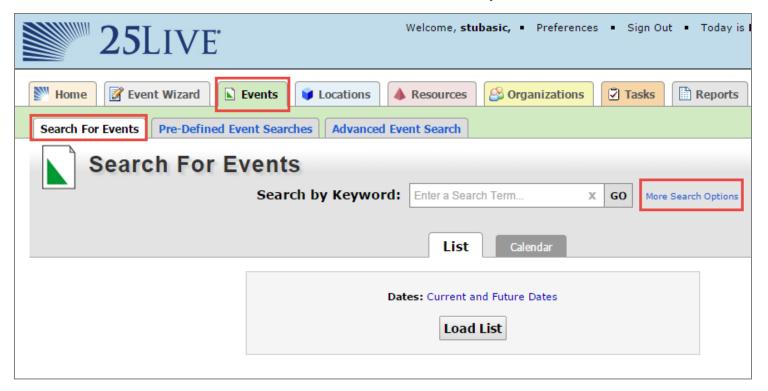

- Event is submitted by requestor as a Draft event
- No Tasks are generated
- Location and Resources are saved as Event Preferences
- Event must be manually searched for and edited for objects to be submitted to scheduler or assigned

### Gate Keeper Approach

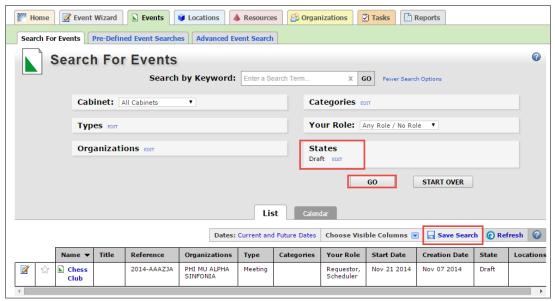

- Search by Event Drafts
  - 1. Log into 25Live
  - Click Events Tab
  - 3. Search for Events More Search Options

### Gate Keeper Approach

- Search by Event Drafts (cont)
  - 4. States -> Edit -> Drafts
  - 5. Go
  - Save Search for future use
    - NOTE: When saving search save it as a Search Criteria and Select 'Add this to Your Starred Searches' so it shows on Dashboard

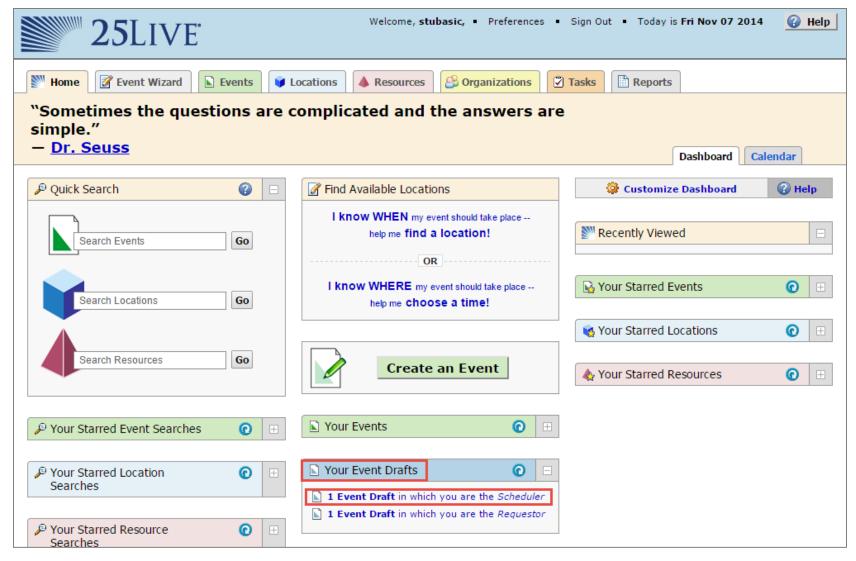

# Default Scheduler and Location Scheduler Approach

- Event is submitted by requestor as a Draft event and application automatically changes Scheduler's name
- No Tasks are generated
- Location and Resources are saved as Event Preferences
- Event in which you are listed as scheduler can be found on the Home – Dashboard view

# Default Scheduler and Location Scheduler Approach

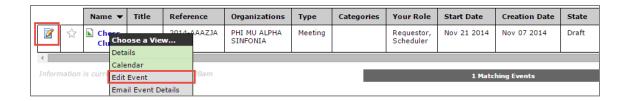

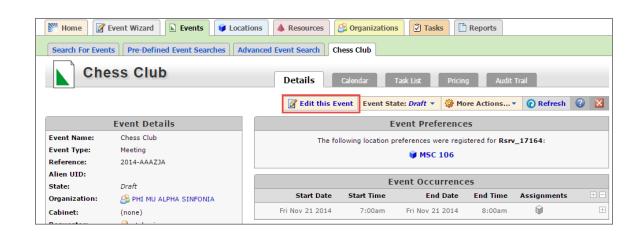

# **Editing Drafts**

- All Event Drafts must be edited
- Selecting the edit icon
- Right-click on event name and select edit
- Select edit when looking at the individual event

# Processing Events – Editing Drafts

- When editing an event Draft one is able to adjust the Event Type selected
  - NOTE: Event Custom Attributes maybe affected if different list exists for the new Event Type selected
- If Editing the Date / Time field then ensure that the original preferred Location and / or Resources are still available
- Change event state from Draft to Tentative or Confirmed to generate any Tasks associated with event
  - NOTE: If one does not have the rights to assign preferred Location or Resource then an approval request will go to the appropriate group
